Update to Men's & Women's Grades/Divisions

The Women's and Men's Golf Sub-Committees met separately to review the current handicap divisions and grades that were last adjusted in February 2020 following the introduction of the World Handicap System.

Based on an assessment of the adjustment in golfing handicaps over the past 12 months, both Golf Sub-Committees have decided to amend their respective grades and divisions. These adjustments have primarily been made to ensure a more equal distribution of members throughout all grades/divisions.
